Last evening, at the home of her sister, Mrs. Thos. J. Mullin, on south West street, Miss Margaret Dunn, whose marriage to Mr. Phil Misaugh, to occur on the morning of Monday, October 27, was formally announced at St. Rose church last Sunday, was honored with an elaborate shower party that was very cleverly arranged and executed by about thirty of her young lady friends. Miss Dunn was the recipient of a magnificent array of presents all of which she prizes as highly as she will always cherish the memory of the dear friends who presented them. The shower was indeed a happy event and was a fitting one to precede the one in which Miss Dunn will become the bride of the young gentleman of her choice. What Hood's Sarsaparilla did for Mrs. L. B. Garland, Shady, Tenn., it has done for others. She took it when she was all run down—without appetite, losing flesh, and unable to do her work. It restored her appetite, increased her weight, and made her well and strong. This is her own unsolicited statement.

OCTOBER WEDDINGS.
Are Bringing Out Some Beautiful Creations in Trousseau.

New York, Oct. 13.—Now that autumn modes have been established and at least half of the orders are delivered to the wearers of smart frocks, the modistes have little time to turn their attention to wedding gowns.

What a difference between the tulle-trimmed of this autumn and last spring. It seems almost incredible that a subject upon which so many energies have been expended could be treated so variously in such a short space of time.

If there is one point in common with the wedding gowns of last spring and those of this autumn, it is the fact that white satin remains the material par excellence for these gowns.

Put even this fabric has a rival. Satin lousine ranks as a leading material for bridal dresses. True, it is applied, shirred, embroidered and beaded in lavish profusion, but through all this ornamentation the intrinsic surface of the lousine gleams and its drooping softness makes it produce a most graceful effect.

An exceedingly chic design shows a train skirt applied around the foot with squares of real lace. Giving support as it were, to the unstitched edges of the lace are bias bands of white panne velvet. These bands are sewn upon only on side and are applied with a rather loose stitch that suggests a cross between hemstitching and the featherbone.

The lousine is embroidered all over in open-work designs and the perforations of the embroidered are finished by an intricate outline of velvet. This elaborate decoration is carried out on the following sleeve and extending from elbow to wrist, there is an underfuc of lousine trimmed with rows of chiffon headed with velvet.

Wedding gowns of white satin are almost invariably heavily applied with lace. What material there is that is not so trimmed, is embroidered in a silver and pearls.

Following the prevailing fashion, sleeves of wedding bodices are provided with a full flare supplemented by an undercuff that affords unlimited opportunities for lavish ornamentation.

The fashionable bridal hat is larger than ever. For the trimming, flowers and lace are taking the place of feathers and the airy effects gained by this substitution are both smart and pretty. The ultra-smart bridal wardrobe, however, is not without its smaller shapes. The chic little turban named Reboux, the Parisian milliner unearthed from Second Empire days, and is exploiting with wonderful daintiness, as is much in demand in Gotham as it is in Paris. The smaller hats bear numerous wings and tips, and there is no end to the clever whims into which the former are coaxed. One secret of the popularity which wings enjoy is their exquisite coloring. There is scarcely a tint which has not been reproduced in these ornithological trimmings this season, and the freedom with which they are used is enough to daunt the most untiring of Audubon Society members.

The surprise effects are seen in nearly all of the autumn trousseau. In a dark green reception gown, the surprise bodice has flat, broad bands of Maltese lace, deep ecru in tint,

bordering the exposed bosom of the bodice. The vest is embroidered in soft Persian colors and in eccentric oriental designs. The voluminous sleeves have close-fitting under sleeves embroidered to match the vest embroidery.

The skirt is plaited, close-fitting around the hips, and flaring at the foot. The entire costume is built up on a foundation of apple green taffeta and is completed with a toque of the same color, velvet trimmed with darker green satin rosettes and ecru lace.

PRISCILLA

Club Delightfully Entertained at Columbus Grove.

Thursday morning, ten members of the Priscilla club, accepted the cordial invitation of one of its members, to spend the day with her, hurrying to the station to take the noon train for Columbus Grove, where our friend resides, we found the train waiting for us, and but for that, some of us would have been left. It was an ideal day, and a merry, happy crowd that enjoyed every minute of the time on the way there, and also after arriving at the beautiful home of our genial hostess. After spending some time looking at beautiful pieces of fancy work, listening to music, telling stories, cake walking, and other many things, our hostess invited us to take a ride around the city. We all tumbled into a big picnic wagon and rode through the principal streets, admiring the pretty homes and also the beautiful new church of which so many of the people are justly proud. Returning to the home of our hostess, we sat down to a delicious three course dinner. To say we did the most full justice, would not half express our appreciation of the good things before us. Returning to the parlors every minute of the time was occupied in merry making, dancing, and music on the piano rendered by our talented musician, Mrs. Walter Scott. All too soon the minutes flew by, and we lingered to say farewell to our host and hostess, and as we went to the train, we were all of the same opinion that Mr. and Mrs. John Turner were certainly royal entertainers.

CLOSE**Of the District Convention In South Lima****Mrs. George Hall Re-elected President.****Delegates Enjoy a Trolley Ride Over the City Yesterday.****Negro Creek Gives Officer Billstein an Exciting Chase. Captured on South Pine Street.**

Just previous to the adjournment of the district convention of the Women's Foreign Missionary society in session at Grace M. E. church yesterday afternoon, the committee on nominations reported the following corps of officers which was ratified by the convention. Mrs. George Hall, of Lima, president; Mrs. L. F. Zimmerman, of Van Wert, vice president; Mrs. J. N. Nicodemus, of Salem, corresponding secretary; Mrs. A. Britton, of Spencerville, recording secretary; Mrs. Dull, of Rockford, treasurer; Mrs. Bukman, of Elida, librarian. Mrs. A. S. Rudy, of south Main street, was elected delegate to the branch convention at Dayton next September. Mercer, Ohio was decided upon as the place for holding the annual convention next June. After these reports were received the afternoon session adjourned. Mrs. Hall, who was re-elected president, invited all the delegates and others to take a trolley ride about the city. She had chartered several cars, which were filled by a merry crowd this feature of the entertainment program.

Final Session.
The concluding session of the interesting convention was attended by a large audience last night. Grace church choir began the exercises by the admirable rendition of a beautiful anthem, which was followed by scripture reading by Mrs. Dull, of Rockford. Rev. Stewart Baumgardner, conference evangelist, pronounced the invocation. Mesdames Wells and Black of Trinity M. E. church sang charmingly a duet which was very pleasing. Mrs. Hall, in a few well adopted remarks, introduced the speaker of the evening, Miss Anna Ping, of Kansas City, who recently returned from Japan and Korea, where she has been engaged in missionary labors for a number of years. Miss Ping is a talented speaker, who immediately obtained and held throughout her discourse, the attention of her large audience. She described at length conditions in the districts in which she had been engaged. She related the wonderful amount of good that was being accomplished through the agencies of the foreign missionary societies. The speaker told how anxious the natives were to become Christians when they once received an opportunity. They were represented to be quite susceptible to the good influences which were placed about them by the missionaries. Wherever schools were established the native attendance was large they being adept at learning. The one great disadvantage was the lack of finances with which to carry on the great work of Christianizing and evangelizing. Miss Ping related how much could be accomplished by the

expenditure of a single dollar. Illustrations of the work of native pupils were given showing them to be quite talented. Besides the education of these foreign people it is necessary to provide medical care, houses of refuge and places of worship. The speaker convinced her audience that every dollar donated for foreign missionary purposes was employed where it would accomplish the greatest possible good. The address throughout was interesting, instructive and entertaining. The audience received favorable impressions of this important work, and an increased interest was aroused in the efforts of those who are suffering and sacrificing so much for the benighted creatures in heathen lands everywhere. At the conclusion of the excellent lecture a large collection was taken for the benefit of the foreign societies. The committee on resolutions reported, commending the members of Grace church for the hospitable manner in which they had entertained the delegates. Mrs. Hall, the president and Miss Hale, the secretary, were thanked for the efficient and kind manner in which they discharged their duties during the convention. All others who in any way contributed to the success of the meeting were remembered. Benediction was pronounced by Rev. W. J. Hagerman and the sixteenth annual Lima district convention of the Women's Foreign Missionary society passed into history.

Court No. 1331 Catholic Order of Foresters of St. Johns parish met at their hall last night and elected the following officers: H. J. Beckman, chief ranger; P. H. Kelley, vice chief ranger; J. J. Sullivan, financial secretary; John Downey, recording secretary; P. H. Holleran, treasurer. Trustees, Thomas Mullen, M. J. O'Connell and W. J. Turner. Rev. F. G. Odell-Whitney Nuptials.
About a week ago Frank P. Odell, of west Kibby street, left for Bradford, Pa., ostensibly for a visit with friends. Last night he returned, accompanied by a bride. The wedding occurred at the home of the bride, Miss Carrie Whitney, in Bradford, Pa. Thursday. Mrs. Odell was one of that city's charming and accomplished young society ladies. She is not an entire stranger in south Lima, having visited here several weeks last spring. The wedding was a pleasant surprise to Mr. Odell's many friends. Both are admirable young persons, who are receiving the earnest congratulations of legions of friends, who hope theirs may be a long happy life of contentment, devoid of all adversity, and filled with a rich store of choicest blessings. Mr. and Mrs. Odell will be at home to their friends at 327 west Kibby street. The groom has a position of importance with the Standard Oil company, in whose employ he has been engaged for twenty years.

Exciting Arrest.
When the east bound passenger train upon the Erie arrived in south Lima yesterday evening about four o'clock, officer Charles Billstein who was at the depot, observed a young negro alight from the platform of a car, and dash into the crowd about the train. The policeman also saw the negro hastily place his hand in the over coat pocket of a traveling man about to go aboard a car. The

patrolman recognized him would be a person, as an undesirable character, who had been driven out of the city yesterday morning. Billstein started for the negro, who observing he was detected, ran swiftly around the end of the last car, upon the south side of the train. The policeman was soon in close pursuit and an exciting chase ensued. The negro ran down through the railroad yards to the C. H. & D. Turning north on the railroad he followed it to the commons at the rear of east Vine street. He cut across lots to St. Johns avenue, crossed the vacant lots near the railroad intersection coming to south Pine street. Before he reached there officer Billstein fired his revolver twice in the hope of frightening the fleeing culprit, but he only ran the faster. Dashing up south Pine street, the negro ran into the yard in front of F. C. Povemire's and seeing he was closely pursued by the undaunted officer threw open the door of the residence, and sprang wildly into the presence of Mrs. Povemire, and another lady who were sitting in the room. For a few moments they were frightened beyond utterances by the conduct of the bold intruder. Mrs. Povemire ordered the fellow from the house, but he refused to leave. She attempted to open the door to cry for help, but the daring fugitive seized her by the hands to prevent her opening the door. He was struggling with the lady when the policeman came upon the scene and removed the miscreant. At first he attempted resistance, but he was no equal for the big patrolman who took him to police headquarters without further trouble. There was a young white man with the negro when the train arrived, but in the excitement he escaped. The arrest was one of the most exciting in this locality for some time, and attracted the attention of many people along the route taken by the negro in his mad quest for a place of refuge.

Gained Forty Pounds in Thirty Days.
For several months our younger brother had been troubled with indigestion. He tried several remedies but got no benefit from them. We purchased some of Chamberlain's Stomach and Liver Tablets and he commenced taking them. Inside of thirty days he had gained forty pounds in flesh. He is now fully recovered. Do Good—It Pays.
A Chicago man has observed that "Good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You cannot possibly lose by it." Most men appreciate a kind word and encouragement more than substantial help. There are persons in this community who might truthfully say: "My good friend, cheer up. A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it for it has helped me out many a time." Sold by Wm. M. Melville, old post-office corner.

HALE AND HEARTY**A VERMONT FARMER WHO FEELS YOUNG AT EIGHTY.****Rheumatism Once Troubled Him, But Dr. Williams' Pink Pills for Pale People Cured It.**

A fine specimen of the hardy Vermont farmer is Joseph Chase, of Roadside, active and strong in body and mind at the beginning of his eightieth year. A few years ago an attack of rheumatism caused the old gentleman much suffering but Dr. Williams' Pink Pills cured that and he is now enjoying unusual health for one of four-score years. When recently interviewed, he said:

"I was not confined to my bed but I suffered a great deal of pain. My back and shoulders were lame and my arms were so sore that I could not get my coat on without assistance. Heavy farm work and exposure in all kinds of weather probably brought on the rheumatism and it was so stubborn that I couldn't seem to get rid of it."

"One day I saw Dr. Williams' Pink Pills for Pale People mentioned in a newspaper and I got some. I felt better after taking one box and took four or five boxes altogether. They cured me and the cure was permanent. I recommended Dr. Williams' Pink Pills to everyone, who is not well, and I know of other cases where they have given good results."

Rheumatism is a disease of the blood and it must be treated through the blood. External applications can give no benefit that will last. Dr. Williams' Pink Pills for Pale People are unlike other medicines because they act directly on the blood and nerves. This makes them invaluable in such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexion and all forms of weakness either in male or female. Dr. Williams' Pink Pills for Pale People are sold by all dealers, or will be sent on receipt of price, fifty cents, or six boxes for two dollars and fifty cents, by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.

THE WHOLE THING.

We are a people full of superstition. We are slaves of tradition. We have led ourselves to believe that the seat of government is at Washington, D C and that a man named Roosevelt is the ruler or president of this great, grand and glorious republic of the people by the people and for the people. We know the ruler doesn't do much ruling but we take our hats off to him just the same and occasionally give three cheers.

But we are beginning to find out what it took the coal strike to open the eyes of some people to the fact that the real seat of government is in New York and that a red-nosed smart man by the name of Morgan is the actual ruler. He makes things come his way. He sits in his Wall Street office and yank the wires that make the puppets over at Washington go through the puppet and Judy show.

The paper government at Washington had to send emissaries to New York to plead with the real thing to get busy and settle the coal strike. Hanna butted in and quickly butted out again. He couldn't touch the coal operators so he backed up. Then men higher in authority thought they had openers and they went at it but only to finally throw up their hands and go to the Simon pure whole thing. J Pierpont Morgan who holds court on his yacht and carries his White House under his hat.

When all the laws on the statute books of the great United States and the bed-ridden state of Pennsylvania were impotent and couldn't wiggle a hair of President Baer's whiskers the whole thing without any book law to back him at all sat aboard the Corsair and issued orders. Then something began to move.

And Morgan was never elected to anything. He was never voted for at a convention or at the polls. But he had the new force. He represented the dough the scandal the where with the cash the mazzuma. Likewise

Gor Stone and Senators Quay and Penrose met President Roosevelt and his cabinet representing the entire country. The former representing the state of Pennsylvania. Gov Odell and Senator Platt represented the

state of New York. But they were not elected. They were appointed. And they sat at their heads together, both representing the state of business and the government of commerce. Morgan as the real ruler of the nation and Cassatt as the real governor of Pennsylvania. That settled it. There was something doing.

Yet the school histories and geographies tell us we are a republic and the seat of government is at Washington. But then school books are full of practical jokes and funny stories, nowadays. They tell us that every man in America is his own king, that all the women are queens or princesses, but when we come to deal out the cards we find plenty of jacks, deuces and even seven spots.

But we like to be jollied. Barnum was right. We like to be humbugged. We're easy. We're soft marks. We can't tell a package in lion's skin from the real thing of beasts. We keep on hitting the pipe of patriotism and dream dreams. They fill us full of political dope and make us like it. The wise ones wave the flag in front of our eyes while their confederates go through our pockets and then we get mad at them if they don't come back after our clothes.

Morgan has the idea. He doesn't wait for people to elect him. No resolutions are necessary to make him it. He doesn't ask for a nomination. He just elects himself and goes ahead. And he fixes his own salary. He doesn't need any platform. He wears no uniform and puts real postage stamps on his mail. He lets the people elect congressmen and then if he needs em he gets em.

There's the new state for you. Brush the cobwebs off your eyes and look it over. It isn't coming. It's here. You think congressmen are your representatives. But you're wrong. You elect them, to be sure, but they represent Morgan. Or any other man who knows how.

What's the answer?

The industrial depression in Germany deepens according to latest reports although the troubles began with a panic two years ago. Last May it was thought that the bottom had been reached with wages generally reduced factories running on shortened time and the working force greatly cut down. But a current official report on the state of employment and wages in the metal and machinery trades shows conditions to be worse than four months ago. Work has become scarcer and the number of employees has been reduced. In some cases wages have again been reduced. At the same time the cost of living remains high and in the matter of meats is rising under the influence of the German tariff and the shortage in the United States. The country faces a harder winter than either of the two which have been passed through since the panic.

SPORTS.

How it was done.
The second game of the season played on the home grounds occurred last Thursday, between the Lima college team and the local eleven, the game resulting in a decisive victory for the latter. The Lima team had the advantage in weight but was very slow in getting away with the ball and forming interference. On defense the off town boys were unable to stop the line plunges of the Grove backs, only securing the pigskin twice on downs. The local team put up a much faster game than the visitors, and ran their interference much better than in their first game. The line held well and opened hoghead holes in the Lima line at will through which the Grove backs plunged for large gains. The game was interesting throughout and was witnessed by a good sized crowd—Columbus Grove Clipper

A Sensible View.
The foot ball supporters in Lima are provoked over an article published by a local newspaper claiming the High school eleven had several 'rings' in the game with Van Wert. Much has been said on the point by the press of that city but the newspaper as well as the team's members who raised the point have overlooked an old rule which governs all sports. When Van Wert accepted the Lima line-up on the field the time for verbal objections was passed. The referee's decision work of the line-men and style of play were the only points which could be criticised during the game. If rings were played written objections should have been filed with the proper authorities immediately after the game. A long winded discussion by the press or otherwise can have but one effect—harm to the game in both towns—Van Wert Bulletin

WILL INTEREST EVERYBODY

Or At Least Everyone Who Suffers from Catarrh.

Catarrh in its various forms is a national disease, and the fact that nearly everybody suffers from it more or less leads many to neglect its proper treatment.

Nasal catarrh is a common cause of headaches, destroys sense of smell and if neglected reaches the throat, causing impairment and sometimes total loss of voice. Bronchial catarrh leads easily to consumption. Catarrh of stomach and liver are very serious and obstinate troubles, while it is now generally admitted that catarrh is the most common of all causes of death.

All of the more serious forms of catarrh begin with nasal catarrh the local symptoms being of profuse discharge, stoppage of nostrils irritation and frequent clearing of the throat sneezing coughing and gagging.

The old style of treatment with douches inhalers sprays salves etc, simply give temporary relief and everyone who has used any of them knows how useless they are and their inconvenience is such that very few have the time or patience to continue their use.

A radical cure of catarrh can only be obtained from a treatment which removes the catarrhal taint from the blood because no one will now dispute that catarrh is a constitutional or blood disease and local applications can have no effect except to temporarily relieve symptoms.

A new remedy which has been remarkably successful in curing catarrh is a pleasant tasting tablet which is taken internally and acts upon the blood and mucous membranes.

It is composed of antiseptic remedy is like Red Gum Blood root and similar cleansing specifics which eliminate the catarrhal poison from the system.

The tablets being pleasant to the taste are dissolved in the mouth and thus reach the throat trachea and finally the stomach and entire alimentary canal. They are sold by drugists everywhere under the name of Stuart's Catarrh Tablets.

If desired when there is much stoppage of the nose the tablets may be dissolved in warm water and used as a douche in addition to internal use but the douche is not at all necessary. A few dissolved in the mouth daily will be sufficient. Dr Amcke says: The regular daily use of Stuart's Catarrh Tablets taken internally will cure the whole catarrh trouble without resorting to the inconvenience of a douche or an inhaler.

They seem to give a healthy tone to the whole mucous membrane and it is really remarkable how soon they will clear the head and throat of the natural and poisonous catarrh secretion. Stuart's Catarrh Tablets is undoubtedly the safest most palatable and certainly the most efficient and convenient remedy for any form of catarrh.

"HELLO"

Company in Hands of a Receiver.

Concern Once Offered to Lima Failed to Make the Rifle at Ottawa.

Not more than a year ago, Lima was given the opportunity of securing the Columbus Telephone Manufacturing company, a concern which held what was believed to be valuable patents on telephone patents, but the stock was not subscribed for and a few weeks later the announcement was made that Ottawa had secured the enterprise.

Now comes the sequel. It appears that the business did not pan out as expected, and it is now under the steady hand of a receiver, and its property placed down by an injunction in the United States district court.

The creditors of the company have something like \$3,000 in claims against it. An action in involuntary bankruptcy was begun in United States district court. It is claimed that Mathes & Rice, an Ottawa partnership, has prosecuted a claim against the company and has secured judgment of \$3,020 in common pleas court. Creditors set up that Sheriff Preece had levied on the property of the company, and proposed to sell it to satisfy the judgment in addition to this it is alleged, the company assigned \$10,500 worth of valuable contracts to Mathes & Rice.

Judge Wing appointed the Security Trust company to act as receiver and issued a restraining order governing the property until the litigation is ended.

GOOD SALE

Was Made by the People's Oil Company

When They Let Go of Their Hancock County Stuff

To the Capitalists from Cleveland and Sandusky. The New Owners Will Make Further Developments.

The People's Oil & Gas company says the Toledo Bee made a remarkably good sale when it disposed of the holdings in Cass, Allen and Marion townships, Hancock county to Cleveland and Sandusky capitalists. The purchasers were Charles Zuercher, C. H. Schaeffer, S. Fisher, Ernest Mueller, Jacob Kuebler, John E. Stang, H. Schmidt and other capitalists of the two cities mentioned. The best portion of the property is the Coons 151 acres; Ross farm, 120 acres; Oberholtzer, 80 acres, and the Wagner, 45 acres. The bulk of the stock of the People's company is owned by David T. Davis and William V. Coons. The deal amounted to something like \$150,000, instead of \$250,000. The new owners will take possession of the leases at once and they plan to make further developments on a large scale. The People's Oil & Gas company still has holding in Hancock county, and will start new operations at once. It remains to be seen whether or not the purchase is a profitable one. It is decidedly in favor of a loss instead of a gain. If the property ever pays out the owners can consider themselves pretty lucky.

EXTENSIVE

Improvements Made in St. Rose Church Property.

An Effort to be Made Tomorrow to Raise Funds to Wipe Out the Entire Cost of Them.

All the buildings belonging to St. Rose congregation, including the church, school, pastor's residence and sisters' residence have been fitted for steam heat, by the Central Heating Plant. This improvement has necessitated the outlay of quite a sum of money, and to meet the expenses of this needed convenience, a collection will be taken up by the pastor at all of the masses tomorrow. It is the sincere wish of the pastor, that members of the congregation who are earning, do their part in making the collection what it should be. By these means, Rev. A. E. Manning hopes to obtain enough to pay for the entire improvement, which is for the comfort for each and every member of the parish.

Joseph Goebel, the well known employee of the C. H. & D., who was injured in the wreck at Wapakoneta last Sunday night by the overturning of Western Ohio interurban railway car, is now confined to his home on west Wayne street, as a result of the injuries he sustained. Immediately after the accident he suffered slightly from an injury to his back but did not think that his injuries amounted to much and went to work last Monday morning as usual. Since that time however he has suffered severely from his injuries and yesterday was forced to quit work and has since been confined to his home. Mr. Goebel believes that there will be no permanent results from his injuries.

HEALTHY WOMEN

Praise Peruna as a Cure for Colds and a Preventive of Catarrh.

MISS ELIZABETH OBER

according to direction, on the bottle, and the cold is sure to pass away without leaving any bad effects.

Unless this is done the cold is almost sure to end in the second stage of catarrh, which is making so many lives miserable. If Peruna was taken every time one has a cold or cough, chronic catarrh would be practically an unknown disease.

Miss Elizabeth Ober, No. 31 Bassett street, Albany, N. Y., writes:

"I have always dreaded unsettled weather because of my extreme liability to catch cold, when a catarrhal trouble would quickly develop through my entire system, which it would take weeks to drive away. I am thankful to say that since I have taken PERUNA I do not have any reason to dread this anymore. If I have been at all exposed to the damp, wet or cold weather, I take a dose or two of PERUNA, and it throws out any hint of sickness from my system."—Miss Elizabeth Ober.

MRS. M. J. BRINK

FIRST STAGE OF CATARRH.

A Serious Mistake Which Thousands Are Making.

The first stage of catarrh is what is commonly known as "catching cold." It may be in the head, nose, throat or lungs. Its beginning is sometimes so severe as to cause a chill and considerable fever, or it may be so slight as to not hinder a person from his usual business. In perhaps a majority of cases little or no attention is paid to the first stage of catarrh, and hence it is that nearly one-half of the people have chronic catarrh in some form.

To neglect a cold is to invite chronic catarrh. As soon as any one discovers the first symptoms of catching cold he should at once begin the use of Peruna

Mrs. M. J. Brink, No. 829 Michigan avenue, St. Joseph, Mich., writes:

"This past winter during the wet and cold weather I caught a sudden and severe cold, which developed a catarrhal condition through my entire system, and so affected my general health that I was completely broken down, and became nervous and hysterical and unfit to supervise my home. My physician prescribed for me, but somehow his medicine did me no good. Reading of PERUNA I decided to try it. After I had taken but three bottles I found myself in fine health."—Mrs. M. J. Brink.

Sibyl A. Hadley, 31 Main street, Huntington, Ind., writes: "Last winter after getting my feet wet I began to cough, which gradually grew worse until my throat was sore and raw. Ordinary remedies did not

help me and rough remedies nauseated me. Reading an advertisement of what PERUNA could do, I decided to try a bottle, and you can imagine how glad I felt when it began to relieve me in a very short time. In less than two weeks I was completely cured."—Sibyl A. Hadley.

Miss Sara McGahan, No. 127 3d street, Albany, N. Y., writes:

"A few months ago I suffered with a severe attack of indigestion, which nothing seemed to relieve. My hearing became bad, my eyes became irritated and feverish. Nothing seemed right and nothing I ate tasted good. I took PERUNA and within two weeks I was perfectly well."—Sara McGahan.

If you do not derive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving a full statement of your case, and he will be glad to give you his valuable advice gratis.

FREE MEDICAL ADVICE TO WOMEN.

All Correspondence Is

Sacredly Confidential

This is a very important consideration in a woman's correspondence with Mrs. Pinkham. It is a great satisfaction to feel that one woman can write to another telling her the most private and confidential details about her illness, and know that her letter will be seen by a woman only, — a woman full of sympathy for her sick sisters, and with a knowledge of woman's ills greater than that possessed by any other person.

Mrs. Pinkham never violates the confidence thus entrusted to her, and although she publishes thousands of testimonials from women who have been benefited by her advice and medicine, never in all her experience has she published such a letter without the full consent, and often by special request of the writer.

The reason Mrs. Pinkham is so amply qualified to give advice in cases of female ills is for the reason that over one hundred thousand cases come before her each year, — some personally, others by mail, and this has been going on for twenty years, day after day, and day after day. Twenty years of constant success, — think of the knowledge thus gained. Surely, women are wise in seeking advice from a woman of such experience, especially when it is absolutely free.

As an illustration of the good coming from such advice we herewith publish two letters and portrait of Miss Hattie DeGroat, the reading of which should give every sick woman confidence in Mrs. Pinkham's ability to help them. This is only one of thousands of the same kind of letters which Mrs. Pinkham has on file.

"DEAR MRS. PINKHAM: — I have read with interest your advice to others so much that I thought I would write to you, for I have been suffering for a long time. I have such bearing-down pains, and such shooting pains go through me. I have headache, backache, and feel tired. Menstruation is very painful, sometimes have to stop work and lie down. My stomach bloats terribly, and I am troubled with whites. Hoping to hear from you soon, I remain,
July 24th, 1900
Miss HATTIE DEGROAT, Succasunna, N. J."

"DEAR MRS. PINKHAM: — I can hardly find words to thank you for your advice and wonderful Vegetable Compound. I was in a terrible state, every part of my body ached, was very nervous, had hysterical spells. I think I would have become insane had it not been for Lydia E. Pinkham's Vegetable Compound. Your letter told me just what to do, and your medicine cured me, and I cannot express my thanks."
March 8th, 1901
Miss HATTIE DEGROAT, Succasunna, N. J."

No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles or such hosts of grateful friends. Do not be persuaded that any other medicine is just as good. Any dealer who suggests something else has no interest in your case. He is seeking a larger profit. Follow the record of this medicine, and remember that the thousands of cures of women whose letters are constantly printed in this paper were not brought about by "something else," but by Lydia E. Pinkham's Vegetable Compound.

AN ANTE-ELECTION CHANGE OF POLICY.

Governor Delivers a Democratic Speech to Filipinos.

Washington Oct 15—Gov. Taft, in a recent speech at Manila, copies of which have just reached the war department has given the Filipinos to understand that when the proper time comes, they shall have the privilege of saying whether or not they wish to be independent of the United States. In making this statement, he is undoubtedly reflecting the views of the administration, if not speaking by the direct authority of the president. He says also, if they so elect they may become a state related to the United States as Canada or Australia are to England.

BOYS' GOSPEL REGIMENT.

The boys' gospel regiment of last Sunday was well attended. There were quite a number of new recruits in the various companies. The talk given by Mr. Taylor last Sunday was fine and everyone that had the privilege of listening to the address should profit by it. We would like to have all members of the regiment there on next Sunday as we have selected a very fine speaker for the boys, so bring a comrade along and have him join.

W. W. Baker, of Plainville, Neb., writes: "My wife suffered from lung trouble for fifteen years. She tried a number of doctors and spent over \$1,000 without relief. She became very low and lost all hope. A friend recommended Foley's Honey and Tar and thanks to this great remedy it saved her life. She enjoys better health than she has known in ten years." AHEAD

Of All of the Other Countries In Production

Of Coal Used for Mechanical Purposes.

The United States is an Easy Leader in This Industry

With Great Britain an Easy Second, While Germany Comes in Third on the List.

Washington Oct 17—(Special)—The following volume of Mineral Resources of the United States for the Calendar Year 1901, United States Geological Survey, estimates the world's production of coal in 1901 at \$66,165,540 short tons. The three great coal-producing countries of the world are the United States, Great Britain and Germany. The output of these three countries combined makes up 81.61 per cent of the world's total. Austria-Hungary comes fourth, France is fifth, Belgium sixth and Russia seventh. The last country, notwithstanding its vast area, produces only about 6 per cent as much coal as the United States. The three countries which lead in the production of coal are the three countries that lead in industrial developments. Prior to 1899, Great Britain led among the world's coal producers, but during 1899, 1900 and 1901 the United States has made such remarkable increases in coal production, due principally to the unprecedented activity in the iron and steel and in other metal trades that we now stand far in the lead of all competitors, with a production in 1901 exceeding that of Great Britain by 1,965,938 short tons or 19 per cent. Up to the close of 1900 the coal production of Great Britain and her colonies if taken together still exceeded that of the United States, the excess in 1900 being 3,368,825 short tons, but the numerous output of the coal mines of this country last year exceeded by about 26,000,000 short tons the entire output of Great Britain and her dependencies, including India and the Transvaal.

Of the output of coal in 1901, the United States produced 33.86 per cent, Great Britain and her dependencies 30.86 per cent, and Germany 19.42 per cent, or, combined, 84.14 per cent of the total production.

WINE of CARDUI

is a thoroughly scientific and modern remedy, meeting the needs of the modern woman in the modern way—without the torture of an operation. Wine of Cardui has cured them in the privacy of their homes and it has found a place in the hearts of American women that no other medicine has found. In their gratitude over 10,000 American women have written letters commending Wine of Cardui. Wine of Cardui meets their wants as no other medicine does. It sustains the young girl at the shock of her entrance to womanhood. Women who take Wine of Cardui have little discomfort during pregnancy and little pain at childbirth. When the change of life appears they enter a happy, healthy old age. Every month it comes to the rescue to assist Nature in throwing the impurities from the body.

Miss Sarah Finley, of Memphis, Tenn., vice-president of the Palmetto Club of that city, speaks for herself and many friends when she bestows the following praise on Wine of Cardui:

"Among the numerous medicines placed before suffering women for their relief none can touch McEne's Wine of Cardui. It towers above them all as a reliable female remedy. AMUSEMENTS.

Tonight "David Harum"
Monday Oct. 20 "When We Were Twenty-One"
Thursday, Oct. 23 "Her Marriage Vow"
Friday, Oct. 24 "Black Vipers"
Saturday, Oct. 25 "Ten Nights in a Bar Room"

Mr. Julius Cahn will present W. B. Turner in "David Harum" at the Faurot opera house tonight. The advance sale of seats has been, as was expected, unusually heavy, and a crowded house is something that is assured for the comedy. The play is in three acts, and opens in front of David Harum's bank in Homeville, New York. Across the road is Aunt Polly's house with its trellis covered veranda, and its old-fashioned flowers. In the background is the big barn and in the center of the yard is a large horse trough. One of the good things in this act, is the horse trade. The second act shows the interior of the office leading from the counting room of the bank, and the third act discloses to view the sitting room of Aunt Polly's house on Christmas morning.

In "Way Down East" manager Wm. A. Brady has given to the public a complete production and a play that appeals to the better nature of every man and woman, a plain story told in a simple manner framed in a setting true to nature as the sentiment it embodies. Nothing is wanting to complete the story that points a lasting and wholesome moral.

The initial presentation in this city of "Her Marriage Vow" a sensational comedy drama which is said to be built on new lines, will occur on next Thursday night, Oct. 23, at Faurot opera house. The play deals with life among railroad people and the action takes place in and around Boston. The story is one of sunshine and shadow—of real life graphically pictured, and embodying comedy, heart interest and stirring tragedy with an original plot and theme. The piece is said to be presented by an excellent company including among its members the Misses Willie E. Francis, Elizabeth Rathburn, Annie Ashley and Eva Benton, and the Messrs. W. A. Whitecar, Thomas Irwin, Henry Buckler, Van H. Kinzie and Louis F. Howard.

There comes to the Faurot opera house, next Friday, Oct. 24, the "Black Vipers," a new melodrama presented to the public under the management of McConnell & Hutton, from the pen of a well-known dramatic writer, Stanley Wood. He is the author of the late Anna Pixley's production, the play of "The Stormy Petrel," which that distinguished actress pronounces the best piece of drama that has been written for her since "Misses." In the "Black Vipers" the author has combined a beautiful love story with sensation of unusual and novel character, and has presented to the public some new dramatic situations, logical in their construction but startling in their effect.

The dramatization of T. S. Arthur's celebrated book story "Ten Nights in a Bar Room," which Al. W. Martin's company will present at the Faurot opera house next Saturday matinee and night, Oct. 25, is reported to have been so wonderfully received since its birth that it is soon to be taken to a popular New York play house for a run.

WHEN LIFE'S AT STAKE

The most kind man will take any chance of escape. The slender rope dropped down the precipice, the party lay over the abyss, anything that offered a chance of life, it eagerly snatched at. This and the man's safety. He carries nothing for the rescue to that end.

There are thousands of men and women whose lives are at stake, who are hindered from accepting the one means of safety by foolish prejudice.

Doctor Pierce's Golden Medical Discovery has been the means of restoring health to many men and women whose hollow cough, bleeding lungs, emaciation and weakness seemed to warrant the statement of local physicians—"There is no cure possible."

Why should prejudice against a put-up medicine hinder you from trying what has cured thousands of suffering men and women?

Only for Dr. Pierce's Golden Medical Discovery I think I would be in my grave to-day. I was Mr. Moses Miles of Hilliard, Ohio. I was at night and was compelled to give up work. It affected my lungs so that I coughed all the time, both day and night. My friends all thought I had consumption. My wife had taken Dr. Pierce's Favorite Prescription and it had helped her so much she insisted on my trying Dr. Pierce's Golden Medical Discovery—which I did. I have taken four bottles and am now a well man, weighing 145 pounds, thanks to Dr. Pierce's Golden Medical Discovery.

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose.

It may be taken as a formal notification that the campaign is on, said the large-waisted philosopher, when the candidates begin to say: "This is on me."

A DOZEN TIMES A NIGHT.
Mr. Owen Dunn, of Benton Ferry, W. Va., writes: "I have had kidney and bladder trouble for years, and it became so bad that I was obliged to get up at least a dozen times a night. I never received any permanent benefit from any medicine until I tried Foley's Kidney Cure. After using two bottles, I am cured."

H. F. Vorkamp, cor. Main and North streets.

It is a great work of art to make art pay.

BRONCHITIS FOR TWENTY YEARS
Mrs. Minerva Smith, of Danville, Ill., writes: "I had bronchitis for twenty years and never got relief until I used Foley's Kidney Cure and Tar which is a sure cure."

H. F. Vorkamp, cor. Main and North streets.

he was engaged when informed of the
grand jury's action. The crime which
is charged against him is one defined
by the statutes for the protection of
the young girls who have not attained
the age of 16 years, and the alleged
victim in this instance was Mable
East, daughter of Alfred East, a
prominent Allen county farmer.

The child's condition was made
known some time ago through an ex-
amination made by a local physician,
and it was only a short time after the
discovery that another sad blow fell
to Mr. East when his wife was found
dead of a cornfield the victim of a
spasm of frequent occurrence.

Alfred East denies that he is
the father of the child, and when
arrested he went into a plea of not
guilty. He was taken to the home of
his father accompanied by Deputy
Sheriff Nease this morning and the
bond of \$1000 which was fixed by the
court was furnished.

Bowersock is now at liberty and
expects to be able to prove his in-
nocence when the case is brought to
trial.

Deaths Like Rusty Hinges
are among the consequences of
rheumatism. The sufferer can move
knees and elbows, but the effort
makes him wince. He rejoices when
a good rubbing with Perry Davis
Pain-Exter drives the stiffness out
and brings the freedom of motion
back. No wonder our grandfathers
believed heartily in this beneficent
liniment. There is but one Painkiller,

JUST
And Unwarranted were
the Statements
Made by the Gazette Con-
cerning Doc. O'Brien.
Mr. O'Brien is Not Employed at
the Headquarters of the Demo-
cratic State Executive
Committee.

During the past week the Lima
Gazette has been making a terrible
fuss about "Doc" O'Brien being given
employment on the Democratic state
executive committee in Columbus.
The political editor of this Foraker
organ declares that Hon. Harvey C.
Garber promised Charles H. Adkins
that he would secure employment for
one of the latter's Allen county friends
at the state headquarters and then
endeavors to expend a lot of unsolici-
ted sympathy for Mr. Adkins' friends
because, according to the Foraker
man's statement, O'Brien had been
given employment at Columbus with
a compensation of \$5 per day.

The statement made by the Gazette
is absolutely unfounded and unwar-
ranted. The only persons employed
in the state headquarters are chief
clerk Charles Magruder, a stenogra-
pher, of Columbus, and William
Richardson, of Allen county, a per-
sonal friend and supporter of Mr. Ad-
kins. Mr. O'Brien is not now and has
not been at any time employed by the
state committee receiving a compen-
sation of \$5 per day, but on the con-
trary the clerks at the headquarters
receive from 9 to 10 dollars per week.
Mr. Fanning, of Cleveland, with whom
Mr. O'Brien was at one time associ-
ated in the paving business, as is well
known by his friends here, employed
the latter to assist him in sending out
the campaign literature issued by
Hon. Tom L. Johnson, of Cleveland, a
position in which he receives a com-
pensation of \$150 per day. Mr.
O'Brien certainly has a right to earn
an honest living whether he be em-
ployed in Columbus or in Cincinnati,
where he now is and the political
editor of the Foraker-Gazette may
now spread himself on some other
line of campaign fiction.

VERY FORTUNATE
In Their Selection of a Resi-
dent Manager.

The Whitney & Currier Co. have
been very fortunate in their selection
of Mr. George W. Carson of Toledo
as their resident manager in Lima,
of their permanent branch store here.
Mr. Carson is a gentleman of experi-
ence in the piano business, and will
soon have a wide circle of acquaint-
ances in this city.

The house he represents is a guaran-
tee of Mr. Carson's standing in To-
ledo.

DAY
Brought Forth New
Divorces.
Two Divorces
And a Third Continued
for Evidence.

Mrs. Snelleberger Offers
Evidence of Her Hus-
band's Cruelty.
A New Case Filed Yesterday in
Which a Wife Seeks Protec-
tion from an Alleged Cruel
Husband.

Judge Armstrong relieved Judge
Cunningham of a day in divorce court
and this afternoon heard three cases,
two of the applicants being granted a
decree and a third, after a partial
hearing, was carried over until next
Wednesday, when new evidence will
be offered to sustain the allegations of
cruelty and adultery.

Lydia M. Snelleberger has been in-
timated with at least two persons
known to the plaintiff, Anna Fox and
Mary Fleck. Mrs. Snelleberger pro-
duced one witness from West Cairo,
who testified that the defendant, who
was then working for defendant's
father, entered her room and attempt-
ed to assault her. He was discharged
from the place and the plaintiff stated
that for the past three years she has
had no communication with him. At-
torney Quail conducted the examina-
tion and will bring up the case again
next Wednesday.

Two Decrees Granted.
Divorces were granted to Lena M.
Curry from Alfred W. Curry and to
George W. Huber from Isabelle
Huber. Mrs. Curry was given cus-
tody of her child.

A Legal Remedy.
Wilhelmina Shaffer has had but
little more than a year's experience
as a wife, but it is enough. Yesterday
afternoon she filed a petition through
Richie and Richie, asking for a di-
vorce from Adolph Fisher to whom
she was married in July, 1901, and
also wants the court to enjoin him
from coming about the premises for
fear of a reputation of what she has
had gone through with at various
times since she cast her lot with
Adolph. She alleges that the defend-
ant has been almost constantly under
the influence of liquor and addicted
as well to the use of violence and
abusive language.

She might have stood the language
but the use of it led to a demon-
stration of Adolph's pugilistic abilities
and she was frequently struck and beaten
to an extent that serious bodily in-
juries resulted. The plaintiff claims
the ownership of lot 4167 in Mealy's
west Wayne street addition and she
wants the defendant enjoined from

visiting the home. Aside from the di-
vorce prayed for, she asks that the
defendant be decreed to her
any dowry the defendant
may have.

Reached the Limit.
A young man indicted for having
assaulted Edward Lang in relieving
James Gratton of \$5, is indicted un-
der the name of Ed. Newman, but his
right name is Earl Newman. He
comes from a good family at Crestline
and his father who is well-to-do, has
helped him out of numerous scrapes.
This method has not proven effective
in turning him from his evil ways,
and now that the grand jury has had
him held for trial, a more effective
measure will likely be adopted.

The Chappell Case.
The first hearing in the Chappell
divorce proceedings has resulted in
an allowance of \$75 to Mrs. Chappell
to prosecute her action. No alimony
for support of the child or the plaintiff
was allowed at this time.

WOOLEY
Arrested and Will be
Marked for Trial.

Grand Jury Satisfied He Was
Criminally Inclined

When He Lured the Little McClain
Girl Into a Corn Field—Merril
Boop Was Indicted for
Burglary.

Echoes from the work of the grand
jury were heard this morning, indicat-
ing active participation in the results
by the sheriff and his deputies. Two
arrests were made last night and the
prisoners are in jail awaiting the pos-
sibility of being able to furnish bond.

Deputy Sheriff Preet, and officer
Fenstermaker watched the home of
Wm. Wooley at 508½ south Main
street until eleven o'clock last night,
and succeeded in corraling their man
Wooley, whose name was omitted
from the grand jury report yesterday
was indicted for assault with intent
to rape, his intended victim being the
eleven year old daughter of Mr. and
Mrs. McClain who live on the corner
of Vine street and St. Johns avenue.

Wooley was seen with the girl and
the direction they took aroused the
suspicion of persons who were watch-
ing their actions. In less than an
hour afterward, Wooley was under
arrest but pleaded innocence and af-
ter being bound over gave bond to
await the action of the grand jury.
The accused is a married man, and
has two children.

The other prisoner arrested is Mer-
ril Boop, who is charged with burg-
larizing the saloon of Pete Keller and
helping himself to a lot of whiskey
wine and cigars. He was found by de-
puty sheriff Preet at the resort of
Frankie Sealts, and is now in jail.

To balance the account, three
prisoners were released yesterday.
Walter Randall, charged with larceny
is at liberty, the evidence against
him being conclusive and "Gilliey"
Osman, who was one of several be-
lieved to have burglarized the Vicary
Machine works also escaped indict-
ment. Pete Devine was held as a
witness in the Osman case, but after
99 days in jail awaiting an opportunity
to testify, he was dismissed with Os-
man.

FRIGHTENED
Horse Caused a Runaway
This Morning.

An exciting runaway occurred this
morning on east Market street, and
Dave Morris and W. H. Jones got out
of it without serious injury although
both had a narrow escape. Just west
of the Lima house, a farm wagon
collided with the rig and the horse
started, throwing Mr. Jones out. The
animal leaped over the tongue of a
hearse farther east and fell. Mr.
Morris going to earth at the same
moment. Several bystanders caught
the horse before it could get to its
feet, and led it into Pangle's livery
barn where it belonged. Messrs. Jones
and Morris escaped with a few slight
bruises.

THE WHITNEY & CURRIER CO.
A BOON TO PIANO
BUYERS.

The opening of a metropolitan establishment, bringing to Lima the many advantages that such a house is able to offer to piano buyers, is certainly a long felt want. It will bring to our city the old established pianos such as Steinway & Sons, Knaabe & Co., Boardman & Gray, Ludwig & Co., Kimball & Co., and are known throughout the music world, and need no recommendation beyond these names.

The Whitney & Currier Co. of Toledo, O., are well known to the oldest settlers in this community, and all northern Ohio, having been established since 1860. Many of the pianos that are used in this city have come from this old reliable firm. And their opening of a permanent branch at Lima is a boon to piano buyers. This even which will be next Tuesday and Wednesday, Oct. 21 and 22 which no doubt will be largely attended.

Do Not Expect Miracles.
If a cold, long neglected, or improperly treated has clutched you by the throat, you cannot shake it loose in a day, but you can stop its progress and in a reasonable time get rid of it altogether. If you use Allen's Lung Balsam, there is nothing like this honest remedy for bronchitis, asthma, and other affections of the air passages.
